Transformational Spiritual Life Coaching

This weekend is three days of Transformational Spiritual Life Coaching with Andrej Djordjevitch DSNU who is a Tutor and Course Organiser at the Arthur Findlay College. This is the next stage of your Trance Development where you will learn how to fine tune and holistically express your Trance Healing.

Andrej will teach you how to build upon your current relationship with the infinite intelligence. Here is a portion of what you will explore and learn.

- Learn how to assess the body's energetic field for identifying current spiritual paths and revealing one's calling or future potential.
- Learn to assess the flow of energy your client is manifesting.
- Allow this omnipotent presence to speak through you and deliver key messages addressing your client's most important questions & personal needs.
- Discover the soul's specific gifts and ways they are to be expressed.
- Reveal hidden gifts ready to be awakened.
- Learn how to integrate spiritual assessments into your current healing or reading practice.
- Offer a transformational spiritual life coaching private session for your clients.
